

Curriculum Vitae

First Name: Dareuosh

Surname: Shakebaei

Date of Birth: 1965

Nationality: Iranian

Gender: male

Address: Dept. of physiology, School of Medicine, University Road, Tagh Bostan, Box; 1568- Code; 6714869914
Kermanshah, Iran

E-mail: dshakebaei@kums.ac.ir

Education:

1991-1995 M.D. in Human Physiology, Dept of Physiology, School of Medicine, Isfahan University of Medical Sciences, Isfahan, IRAN.

1984-1990 Medical Doctor (General practitioner), School of Medicine, Tabriz University of Medical Sciences, Tabriz, IRAN.

2003-2004 Research Fellowship in Myocardial protection, Bristol Heart Institute, Bristol, UK.

Work Experience:

1995- present; faculty member, school of Medicine, Kermanshah University of Medical Sciences, Kermanshah, IRAN.

1996-2000, Member of Research committee of Kermanshah University of Medical Sciences.

1997- Present; Member of Iranian Society of physiology and pharmacology.

1999- Present; Member of Educational Research committee of Kermanshah University of Medical Sciences.

2000-2001; Member of Editorial committee of the Behbood (the scientific Journal of Kermanshah University of Medical Sciences).

2001- Present; Member of scientific committee of University Journal (Behbood).

2003-Present; Member of Medical Biology Research Center, Kermanshah University of medical Sciences.

2004-2008; Head of Physiology department, School of medicine, Kermanshah University of Medical Sciences.

2008-present; عضو هیئت ممیزه دانشگاه, Kermanshah university of medical sciences.

2010-2013; Head of Medical Biology Research Center.

2013-present; Editorial board of Educational Research in Medical Sciences.

Thesis

Evaluation of the protective effects of garlic extract and diazepam on the function of androgen induced hypertrophic heart in rats. 2016 (as advisor)

The effect of diazepam on isolated heart of the dexamethasone treated rats in ischemia and reperfusion. 2015 (as advisor)

The effect of diazepam on the function of hypertrophied rat heart in the ischemia and reperfusion conditions. 2015 (as advisor)

Effect of root aqueous extract of *Prosopis farcta* on the function of ischemia reperfused isolated rat heart. 2015 (as advisor)

Survey the protective effects of *Crocus sativus* extract (saffron) on acute renal failure induced by ischemia/reperfusion in male rat. 2014 (as consulting advisor)

Evaluation of healing effect of *Stachys lavandulifolia* Vahl. On diabetic ulcer in rat. 2013 (as consulting advisor)

The effect of diazepam on the hyperthyroid rat's heart during ischemia reperfusion condition. 2012 (as advisor)

The effect of diazepam on the hypothyroid isolated rat heart during ischemia- reperfusion. 2012 (as advisor)

Effect of clove and turpentine oil on pain and morphine analgesia in mice using formalin test. 2012 (as consulting advisor)

Comparison between the Effect of Lecture and Question - answer Methods on Learning Outcome and Satisfaction of Physiology Course among Medical and Pharmacy Students. 2011 (as advisor)

Effect of fasting on ischemia reperfused isolated rat heart following repeated diazepam administration. 2011 (as advisor)

The role of the carbonic anhydrase enzyme on the ischemia reperfused isolated hearts of the neonate and immature rabbits. 2011 (as advisor)

The effect of garlic juice on myocardial damage caused by homocysteine in ischemia- reperfused isolated rat heart. 2008 (as advisor)

The effect of repeated diazepam administration on myocardial function in the ischemia-reperfused isolated rat heart. 2007 (as advisor)

The Effect of "Falcaria Vulgaris" extract on the deep skin wound healing in rat. 2000 (as advisor)

The effects of repeated cyanide injection on rat's heart resistance against ischemia. 1998 (as advisor)
