

## Outstanding Students

Kermanshah University of medical Sciences takes pride in being one of the top medical universities in the Middle East. There are over 1200 international students at the university coming from different countries. By choosing to study with us, you will be able to receive high quality education in an international environment. However, what is it really like to be an international student at KUMS? In this post, I will be interviewing two outstanding international medical students from Kurdistan Region of Iraq to reflect on their experiences at KUMS from their own perspectives.

**Name:** Ramyar Abubakr Faqe Rasul  
**Major:** Doctor of Medicine (MD)  
**Place of Birth:** Kurdistan Region of Iraq

**Would you introduce yourself, please? Focus on your educational background.**

My name is Ramyar Abubakr Faqe Rasul. I'm from Kurdistan Region of Iraq in Sulaymaniyah. Having finished my secondary school studies, I took an entrance exam and was admitted to Kurdistan Educational Compound which is an English high school with premium quality and high education level in Sulaymaniyah.

**Why did you choose to study at Kermanshah University of Medical Sciences?**

After getting my diploma from Kurdistan Educational Compound, I decided to study medicine at KUMS because the university possesses over 50 years of experience in the field of medicine and offers high-quality medical education relying on its distinguished professors and well-equipped research centers and laboratories. My second reason why I chose to study here was the distance from my hometown which is not too far. Also, the tuition fees and the living expenses were fair enough and affordable for me.

### **Why did you decide to study Medicine?**

I decided to study medicine because there is nothing more important and precious than people's life. Being a doctor, you will be able to improve people's health conditions by treating those who suffer from illnesses and even save their lives.

### **Any message for those considering applying to KUMS?**

I would say that before any other thing, you need to make sure that you can put up with the long way which is ahead of you to become a doctor, be patient, and bear all the difficulties? If so, KUMS would be a perfect place for you.

### **Have you received any Educational fee discount so far?**

Yes, I have received a 20% discount on the university's tuition twice so far for.

**Name:** Zhwan Najmadeen Mohammad

**Major:** Doctor of Medicine (MD)

**Place of Birth:** Kurdistan Region of Iraq

### **Would you introduce yourself, please? Focus on your educational background.**

My name is Zhwan Najmadeen. I am an international medical student at KUMS (3<sup>rd</sup> year), and I am currently in the second term of Clinical Physiopathology level.

### **Why did you choose to study at Kermanshah University of Medical Sciences?**

I chose to study at KUMS because it offers a unique educational experience, a diverse clinical environment, and a rich cultural experience.

### **Why did you decide to study Medicine?**

I decided to study medicine because I have a deep passion for helping others and a strong interest in the sciences. I want to make a meaningful difference in the world, and pursuing a career in medicine is the best way for me to achieve that goal.

### **Any message for those considering applying to KUMS?**

My message for those applying to KUMS is to think about the decision very carefully. Engage actively in their studies. This university provides exceptional medical training and research opportunities. Remember that the journey through the medical school is challenging but immensely rewarding, and the skills and knowledge you acquire here will equip you to make a significant impact in the field of healthcare.

### Have you received any educational fee discount so far?

Yes, I received an educational fee discount after I got the results of my first semester final examinations. As a matter of fact, I received a 20% discount (About 7,000,000 Tomans) on the following semester's tuition.
